Combat Training Facility: Iraqi Village

Project Manager of a Virginia Beach Military Facility said, “Our organization found Easi-Set buildings to be **extremely adaptable** and **easy to install** at our training facility. With over 35 units delivered and set, the Easi-Set buildings’ **versatility of configuration** provided us a realistic setting for training for our Troops in urban combat plus the stackability allows us to plan real-life combat scenarios.”

Winner of 2008 Creative Use of Precast, Above Ground Category, Third Place Award
